YESTERDAY, TODAY, TOMORROW, OH MY!

40TH
ANNUAL MEETING & TRADE SHOW
MARCH 16 – 18, 2020

MONDAY, MARCH '16

Time					
8:00 — 9:00	REGISTRATION & CONTINENTAL BREAKFAST				
9:00 — 9:30	WELCOME & AWARDS PRESENTATION				
9:30 — 10:45	Winning When Life Doesn't Go According to Plan – Courtney Clark				
10:45 — 11:45	Empowering People to Impact Health: 2020 AHIMA Report to the CSAs – Brenda Beckham				
11:45 — 1:00	EXHIBIT HALL GRAND OPENING / BOXED LUNCHES IN EXHIBIT HALL				
1:00 — 2:15	1A. RESILIENCE: The Art of Accelerated Resilience: Adapt Faster and Achieve More – Courtney Clark	2A. CDI: Growing Your CDI Career–Controlling Your Own Destiny – Glenn Krauss	3A. ENTERPRISE HIM: Cybersecurity: Protecting Your Healthcare Enterprise – Anthony Murray	4A. REVENUE CYCLE: Documenting to Reduce Denials – Timothy Brundage	5A. INFORMATION TECHNOLOGY: Digital Health–Innovations In Data Acquisition And Usage – Gene Monaco
2:15 — 2:45	BREAK & RAFFLE DRAWINGS IN EXHIBIT HALL				
2:45 — 4:00	1B. RESILIENCE: Frustration–Proof: Tools to Move from Frustration to Fortitude – Courtney Clark	2B. CDI: The HCC Model: Risk Adjustment Isn't Just for Inpatients – Erica Remer	3B. ENTERPRISE HIM: Journey to an Enterprise MPI – Andrea Hoff & Sandy Lewallen	4B. REVENUE CYCLE: New Paradigm: Managing and Preventing Denials in a Clinically–Driven Revenue Cycle – John Hataway	5B. INFORMATION TECHNOLOGY: The FBI's Top Cybersecurity Threats Today – Seth Erlinger
4:00 — 5:00	WINE & CHEESE RECEPTION / RAFFLE DRAWINGS IN EXHIBIT HALL				

TUESDAY, MARCH '17

Time					
8:00 — 9:00	REGISTRATION & CONTINENTAL BREAKFAST				
9:00 — 10:30	Managing Change: 7 Things Every Leader Needs to Know About Risk Taking – Ray Waite				
10:30 — 11:30	Leadership: Tomorrow Doesn't Look Much Like Yesterday – Penny Crow				
11:30 — 12:45	BOXED LUNCH & RAFFLES IN EXHIBIT HALL				
11:30 — 4:45	PROFESSIONAL HEADSHOT STATION				
11:45 — 12:15	STUDENT NETWORKING LUNCH				
12:45 — 2:00	1A. MANAGEMENT: New Employees: The New Age of Onboarding – Kathleen Murchland, Ann Denniston & Laurel VonDerHaar	2A. PRIVACY & SECURITY: Completing the Circle of ROI – Health Systems/Payors/ Patients – Jeannie Hennum	3A. REIMBURSEMENT: ICD 11: The Next Generation of ICD – June Bronnert & Jean Stevens	4A. INTEROPERABILITY: Accessing Clinical Data Outside Your EHR – Cathy Costello & Scott Mash	5A. STUDENTS & NEW GRADUATES: Resume Writing & Interviewing Techniques – Andrew Carr & Gautam Rajan
2:00 — 2:30	BREAK & RAFFLE DRAWINGS IN EXHIBIT HALL				
2:30 — 3:45	1B. MANAGEMENT: Your First Manager Roles: Move from DOER to LEADER – Amy Kay Watson	2B. PRIVACY & SECURITY: Is Patient Data Safer Now than it was Before HIPAA was Enacted? – Thomas Skoog	3B. REIMBURSEMENT: National CC/MCC Capture Rate & Case Mix Index Trends – Sandy Brewton & Maureen Matthews	4B. INTEROPERABILITY: Advancing Interoperability: Promoting Seamless Data Exchange, Improving Patient Access and Limiting Information Blocking – Jonathan Ishee & J. Liam Gruzs	5B. STUDENTS & NEW GRADUATES: Hiring New Graduates in HIM – Panel Discussion
3:45 — 4:45	HAPPY HOUR WITH EXHIBITORS				
4:00 — 4:30	SPEED NETWORKING				

WEDNESDAY, MARCH '18

Time					
8:00 — 9:00	REGISTRATION & CONTINENTAL BREAKFAST				
8:00 — 12:45	TABLETOP EXHIBITS				
8:00 — 12:45	PROFESSIONAL HEADSHOT STATION				
9:00 — 11:45	CODING: Regulating the Rhythm: Coding for Cardiac Arrhythmia Procedures – Dr. Muhammad Afzal & Maria Ward				LEADERSHIP: The Extraordinary Team: Positioning Your Organizational Leaders to Achieve Their Fullest Potential – Michael Brown
11:45 — 12:45	BOXED LUNCH				
12:45 — 2:00	1A. INPATIENT CODING: Labor of Love: Coding Complex Obstetric Procedures – Maria Ward	2A. OUTPATIENT CODING: Breathe Easy: Coding for Respiratory Conditions & Bronchoscopies – Dianna Foley	3A. SPECIALTY CODING: Inpatient Rehabilitation Coding Best Practices – Erin Head	4A. AUDITS: DRGs All Over Again – Todd Husty	LEADERSHIP: Innovation in Practice – Tim Raderstorf
2:15 — 3:30	1B. INPATIENT CODING: Inpatient Coding – Sequencing and the Principal Diagnosis – Staci Booth	2B. OUTPATIENT CODING: 2021 and the Future of E&M Coding – Nena Scott	3B. SPECIALITY CODING: Behavioral Health Coding Best Practices – Erin Head	4A. AUDITS: Has Your Audit Plan Been Vetted? By Whom? – Karna Morrow	LEADERSHIP: Impostor Syndrome: Overcoming the Fear that Haunts Success – Anna Parkman

8:00 AM - 9:00 AM

REGISTRATION & CONTINENTAL BREAKFAST

9:00 AM — 9:30 AM

WELCOME & ACHIEVEMENT AWARDS PRESENTATION

Join us in honoring OHIMA's Distinguished Member and other Achievement Award recipients! Awards will be presented onstage.

9:30 AM — 10:45 AM

WINNING WHEN LIFE DOESN'T GO ACCORDING TO PLAN

Courtney Clark
Professional Speaker

Hard work usually pays off. But sometimes, no matter how hard you work, your plans just… DON'T work. Courtney has proven techniques to help you deal with life's detours with humor, resilience, and tenacity. Courtney helps audiences learn where internal resilience comes from, how to let go of the plan, find perspective, and be successful even in the most stressful situations.

10:45 AM - 11:45 AM

EMPOWERING PEOPLE TO IMPACT HEALTH: 2020 AHIMA REPORT TO THE CSAS

Brenda K. Beckham, RHIA
Director
AHIMA Board of Directors

Make AHIMA's mission your mantra too. Learn about AHIMA's 2020-2023 strategic plan and how you can help move the mission forward.

11:45 AM - 1:00 PM

EXHIBIT HALL GRAND OPENING!
BOXED LUNCH & RAFFLES IN EXHIBIT HALL

Join us for the grand opening of the 2020 Exhibit Hall! Enjoy lunch and participate in the exhibitor raffles while browsing through the wide variety of exhibits.

CONCURRENT SESSIONS:

1:00 PM — 2:15 PM & 2:45 PM — 4:00 PM
Choose one session from each timeslot.

RESILIENCE

1A. THE ART OF ACCELERATED RESILIENCE: ADAPT FASTER AND ACHIEVE MORE

Courtney Clark
Professional Speaker

In today's competitive world, there's no time to recover from setbacks slowly. The research-based strategies from Courtney's new book, *The Successful Struggle*, will have your team managing change, chaos, conflict, and life's other challenges in the fastest, most productive way possible.

1B. FRUSTRATION-PROOF: TOOLS TO MOVE FROM FRUSTRATION TO FORTITUDE

Courtney Clark
Professional Speaker

Packed with practical tools to have you moving past frustration at critical junctures, this hands-on program reveals four ways to shift your focus and get clarity about any struggle. Participants will learn the four phases of moving from frustration to fortitude, D.U.M.P. the resistance holding them in place, learn to use adaptation to build personal resilience, and prioritize their focus for maximum well-being and success.

CLINICAL DOCUMENTATION INTEGRITY

2A. GROWING YOUR CDI CAREER-CONTROLLING YOUR OWN DESTINY

Glenn Krauss, BBA, RHIA, CCS, CCS-P, CPUR, CCDS, C-CDI, C-DAM
CEO & Founder
Core-CDI

HIM professionals are the minority in the CDI profession and those who desire to enter the CDI profession face a myriad of challenges. By attending this session, attendees will gain a keen understanding of the steps necessary to grow their career in CDI, controlling their own destiny through an expanded vision of CDI complemented by expanded knowledge, skill sets and core competencies in the fundamentals of solid complete documentation. At the conclusion of the session, attendees will be able to master and put into play the concept of "Facilitators of Communication of Patient Care," an advanced level of CDI.

2B. THE HCC MODEL: RISK ADJUSTMENT ISN'T JUST FOR INPATIENTS

Erica Remer, MD, CCDS
President
Erica Remer, MD, Inc

With the shift to population health and use in quality metrics, the Hierarchical Condition Categories (HCC) model has become very important. CDI's focus has traditionally been inpatient and CC-centric. This session will explain the HCC risk-adjustment model, prepare attendees to recognize HCC conditions, and give them the tools to elicit clarification from providers in the inpatient and outpatient arena.

ENTERPRISE HIM

3A. CYBERSECURITY: PROTECTING YOUR HEALTHCARE ENTERPRISE

Anthony Murray
Chief Information Officer, Information Systems Security Officer, CISSP
MRO Corporation

In today's digital world, cybersecurity is imperative to protecting your healthcare enterprise. This presentation will cover topics such as cyber threats and information security management, understanding your enterprise's security model and how to engage relevant parties, as well as preventative measures to reduce overall risk.

3B. JOURNEY TO AN ENTERPRISE MPI

Andrea Hoff, RHIA
Director, HIM Systems
ProMedica

Sandy Lewallen, MBA, RHIA, CHPS
Admin Director, HIM
ProMedica

Follow the journey of an HIM-led project to build an enterprise master patient index (MPI) with multiple MPI integrations. This session will provide a roadmap to a single enterprise identifier. Key strategies, decision points and lessons learned.

REVENUE CYCLE

4A. DOCUMENTING TO REDUCE DENIALS

Timothy Brundage, MD, CCDS
Chief Executive Officer, Medical Director
Brundage Group

The audience will benefit from the multiple years of CDI and physician-to-physician education provided by Dr. Brundage. Dr. Brundage is a clinician hospitalist in addition to being a CDI expert. The clinical information combined with the ICD-10 coding language as well as "action words" will improve the physician's understanding of documentation that will reduce the risk of denial at audit.

4B. NEW PARADIGM: MANAGING AND PREVENTING DENIALS IN A CLINICALLY-DRIVEN REVENUE CYCLE

John Hataway
Senior Manager, Advisory Services
nThrive

Technological advances and imperatives for greater efficiency are driving the healthcare revenue cycle evolution. With the continual advancement of technology, providers need to look to restructure their process and tools to succeed. Clearly defining the procedure with a solution will help in leveraging what is now happening across the health care continuum - in particular the areas where clinical care is provided and clinical activities seamlessly generate charges. Denials prevention is currently the biggest challenge within this new clinically-driven revenue cycle management and can be prevented using a holistic revenue cycle approach with a denials management program. This presentation will review the components needed for a successful denials management program including: charge capture, defending payor audits, denials prevention, denials committee/tasks force, and tracking and trending success.

INFORMATION TECHNOLOGY

5A. DIGITAL HEALTH: INNOVATIONS IN DATA ACQUISITION AND USAGE

Gene Monaco
CEO
MediTechnix

Digital Health is a hot topic. In this session, the speaker will discuss the context and application of new healthcare and biotech technologies such as medical device (SaMD) software, wearables & sensors, blockchain, and artificial intelligence.

## 5B. THE FBI'S TOP CYBERSECURITY THREATS TODAY

Seth Erlinger
Special Agent
Columbus FBI

Hear from Special Agent, Seth Erlinger, about the FBI's cybersecurity investigation response and the top threats today including email compromise, ransomware and e-skimming.

4:00 PM – 5:00 PM

WINE & CHEESE RECEPTION

Relax after a fulfilling day of sessions while enjoying an exhibitor reception with complimentary food and drink. Browse the many exhibits and participate in the exhibitor raffles – all while networking with vendors and colleagues!

THIS WAY TO THE
FUTURE

8:00 AM - 9:00 AM

REGISTRATION & CONTINENTAL BREAKFAST IN EXHIBIT HALL

9:00 AM - 10:30 AM

MANAGING CHANGE: 7 THINGS EVERY LEADER NEEDS TO KNOW ABOUT RISK TAKING

Ray Waite, MS, PMP
Founder
Lighthouse Force

In today's hyper-turbulent world of Health Information Management, the rules have changed in how teams need to be led in times of change. Leaders must make faster decisions, react rapidly to opportunities, and lead their teams to acclimate quickly to the change. The status quo is no longer good enough. Through study of the "winners" in these fast-changing times, one characteristic stands out as a differentiator. Risk-taking, when coupled with the best practices and tools of the day, is a crucial component to team success. As a leader, your behavior can either encourage or put the brakes on risk-taking.

This interactive presentation will introduce the risk-taking techniques used by the world leading teams, including experimenting, team learning, and disruptive leadership. Learn what the leaders of the future have learned that guides their teams to take on bigger risk in a non-haphazard and beneficial way. You can't afford not to!

10:30 AM - 11:30 AM

LEADERSHIP: TOMORROW DOESN'T LOOK MUCH LIKE YESTERDAY

Penny Crow, MS, SHRM-SCP, RHIA
Principal/Compliance Officer
Brittain-Kalish Group, LLC

As the business of healthcare changes, so do the needs of the workforce. Leadership is not the same as it was yesterday. The multi-generational workforce, technology, and regulatory changes have affected all organizations. This interactive and fast-paced class will discuss the development and sharpening of skills, such as strategic thinking, communication strategies, delegation and accountability, well-being, and information governance. We will explore why being a specialist is old news and what is needed to become a multi-specialist. We will talk about employee engagement, professional development, and what workforce needs have changed. Healthcare is already a challenging environment. This class will discuss how to stay relevant in this crazy industry.

11:30 AM - 12:45 PM

BOXED LUNCH & RAFFLES IN EXHIBIT HALL

Last chance to browse the full Exhibit Hall. Enjoy lunch and participate in the exhibitor raffles before the Exhibit Hall closes at 2:30 PM!

11:45 AM - 12:15 PM

STUDENT NETWORKING LUNCH SESSION

Enjoy your boxed lunch while hearing from OHIMA leadership about great resources available and ways you can get involved.

11:30 AM - 4:45 PM

PROFESSIONAL HEADSHOT STATION

Stop by during a break to have your headshot taken by a professional photographer – courtesy of OHIMA!

CONCURRENT SESSIONS:

12:45 PM – 2:00 PM & 2:30 PM – 3:45 PM
Choose one session from each timeslot.

MANAGEMENT

1A. NEW EMPLOYEES: THE NEW AGE OF ONBOARDING

Kathleen Murchland, RHIA, CDIP, CCDS
Manager CDI
Kettering Health Network-CDI Program

Ann Denniston, BSN, RN
Data Analyst
Kettering Health Network-CDI Program

Laurel VonDerHaar, BS, RN
Data Analyst
Kettering Health Network-CDI Program

Using a collaborative approach of highly skilled team members, technology, and dedicated planning, you can rejuvenate your new employee training plan for 2020. Attendees will be challenged to reinvent old training plans to incorporate new cloud-based software tools and structured content that will develop new staff members to contribute productive metrics toward department goals quickly. Re-framing the mind of CDI at Kettering Health Network was launched by applying the newly developed training plan to ALL RN Clinical Documentation Specialists... and transformed the oldies into newbies. Don't wait until later... the time is NOW!

1B. YOUR FIRST MANAGER ROLES: MOVE FROM DOER TO LEADER

Amy Kay Watson, MDiv, PCC
CEO and Head Coach
Career Leadership Alignment LLC

Were you promoted to management because of your ability to DO the job well? The transition from DOER to LEADER is more difficult than most of us expect. Many just keep doing the work themselves. Uncover the mindset and strategic shifts you need to make and develop practices that will build new skills, along with others in the same boat. In this session, you will get actual time to get your bearings, see your own leadership, reflect, and write. Bring a current puzzling issue and get support for working through it live with your peers.

PRIVACY & SECURITY

2A. COMPLETING THE CIRCLE OF ROI – HEALTH SYSTEMS/PAYORS/PATIENTS

Jeannie Hennum
Chief Executive Officer
ChartFast

In this presentation, listeners will learn about the long-forgotten piece of the health information exchange industry (the patient) and how ecommerce is shaping the industry by complying with CMS security initiatives before they are enforced. They will see that by providing tools for patients to have easy and secure access to their own data can improve customer satisfaction and create open communication between health plans and providers. All of these things will lead listeners

to understand that PHI requests are not just a burden placed on their office, but an important step in creating a healthy, happy, and successful individual who has put their health in the hands of provider organizations.

2B. IS PATIENT DATA SAFER NOW THAN IT WAS BEFORE HIPAA WAS ENACTED?

Thomas Skoog, CISA, CISSP
Principal
Blue & Co, LLC

It has been 23 years since the Kennedy/Kassebaum bill, signed into law on August 21, 1996 and morphed into the Health Insurance Portability and Availability Act. While HIPAA was initially intended to increase the portability and availability of health insurance coverage for employees between jobs, it also addressed patient privacy (April 2003) and security measures (April 2005) to protect patient data. Additions to the law/regulations have included the Enforcement Rule (March 2006), Breach Notification Rule (September 2009), Compliance Audit Programs (2011/2012) and the Final Omnibus Bill (March 2013) which mandated specific encryption technologies to use.

One would think that with this amount of legislative direction and auditing oversight that patient records were never safer. However, the opposite is true. Many of the HIPAA changes have in fact made patient records more, not less, vulnerable to unauthorized exposure. This, coupled with advancements in technology, have made our health data more vulnerable than any other time in history. In this presentation, we will review what has driven this unintended consequence and what organizations need to do to better protect patient data.

REIMBURSEMENT

3A. ICD 11: THE NEXT GENERATION OF ICD

June Bronnert, MsHI, RHIA, CCS, CCS-P
Director, Terminology Mapping
IMO

Jean Stevens, RHIT, CCS-P
Principal Mapping Analyst
IMO

What does ICD look like beyond ICD-10? The World Health Organization addressed this topic through creation of ICD-11. In 2019, the World Health Assembly agreed to the adoption of the system for member countries. This session will review the development of ICD-11 along with the fundamental features of the system. At the end of the presentation, attendees will be able to define ICD-11 conventions and recognize an ICD-11 code.

3B. NATIONAL CC/MCC CAPTURE RATE & CASE MIX INDEX TRENDS - USING DATA TO DRIVE FOCUSED AUDITS AND EDUCATION FOR OPTIMAL REIMBURSEMENT

Sandy Brewton, RHIT, CCS, CHCA, CPC
Senior Healthcare Consultant
Panacea

Maureen Matthews
Director of Business Development
Panacea

This session will highlight CC/MCC and Case Mix Index trends nationally and show how Ohio performed after four years under ICD-10. Attendees will learn how this information can assist in identifying at risk areas specifically at their facility. The speakers will demonstrate how utilizing this data and technology can drive focused audits and education, and whether or not this approach is more beneficial to your facility than the standard random audits. A focused audit, education client case study and the types of education platforms available for your staff will be shared to ensure success in 2020.

INTEROPERABILITY

4A. ACCESSING CLINICAL DATA OUTSIDE YOUR EHR

Cathy Costello, JD, CPHIMS
Director of CliniSyncPLUS
Ohio Health Information Partnership/CliniSync HIE

Scott Mash MSLIT, CPHIMS, FHIMSS
Director of Consulting Operations & HIE Outreach
Ohio Health Information Partnership/CliniSync HIE

Speakers will present information on the new interoperability reporting requirement for CMS for hospitals and physicians. This new HIE measure requires a provider or hospital to check sources outside their EHR for clinical information when treating a new patient or newly admitted patient. Attendees of this session will learn how this measure is documented and calculated for CMS or Medicaid reporting, what sources of information are available, how this information can be saved within the EHR and how these requirements apply to real-life applications.

4B. ADVANCING INTEROPERABILITY: PROMOTING SEAMLESS DATA EXCHANGE, IMPROVING PATIENT ACCESS AND LIMITING INFORMATION BLOCKING

Jonathan Ishee, Esq
Partner
Vorys, Sater, Seymour and Pease LLP

J. Liam Gruzs, Esq
Associate
Vorys, Sater, Seymour and Pease LLP

With the transition of patient health care records from paper to electronic nearly complete, both patients and providers are one step closer to having meaningful access to and the ability to share patient health information when it could most positively impact patient treatment and care. However, limitations on the interoperability of EHRs and the frequency of data blocking have been significant impediments to access and data sharing. In February 2019, HHS proposed new rules issued by CMS and ONC to end data blocking and promote the sharing of patient information. This session will review the ONC's proposed rules, review the seven activities which are deemed NOT to be information blocking by the ONC, and provide some practical recommendations for providers to ensure that their practice polices and procedures do not unnecessary block access to or the sharing of patient data.

STUDENTS & NEW GRADUATES

5A. RESUME WRITING & INTERVIEWING TECHNIQUES

Andrew Carr
Account Executive
Maxim Healthcare Services

Gautam Rajan
Account Executive
Maxim Healthcare Services

A fun and insightful approach to resume writing and interview techniques - both in person and via phone.

5B. HIRING NEW GRADUATES IN HIM — PANEL DISCUSSION

Managers will discuss the broad spectrum of possible careers for HIM professionals and how finding the right entry level position can sometimes be challenging. Panel members will discuss their career choice and opportunities that they envision in the future.

3:45 PM - 4:45 PM

SPEED NETWORKING & HAPPY HOUR WITH THE EXHIBITORS

Enjoy complimentary food and drink while networking with the exhibitors. Consider participating in our speed networking session from 4:00 - 4:30! Speed networking offers the opportunity to meet many other HIM professionals in a short period of time. It's fast and a lot of fun! Bring your business cards.

Select exhibitors will be onsite Wednesday morning during Coding Day. Find some time to visit these exhibitors from 8:00 AM - 12:45 PM. Also during this time, get your headshot taken by a professional photographer — courtesy of OHIMA!

8:00 AM - 9:00 AM
REGISTRATION & CONTINENTAL BREAKFAST

8:00 AM - 12:45 PM
PROFESSIONAL HEADSHOT STATION

9:00 AM - 11:45 AM
REGULATING THE RHYTHM: CODING FOR CARDIAC ARRHYTHMIA PROCEDURES

Muhammad "Rizwan" Afzal, MD, FACC
Assistant Professor of Internal Medicine
Division of Cardiovascular Medicine, Electrophysiology Section
Davis Heart & Lung Research Institute

Maria Ward, MEd, RHIA, CCS, CCS-P
Director of HIM Practice Excellence, Coding Services
AHIMA

Does your heart "flutter" at the thought of coding for electrophysiological (EP) studies? Do you feel yourself having an attack of "tachycardia" when you are trying to determine the correct codes related to AICDs? Or perhaps your heart goes into slo-mo (bradycardia) when you are attempting to code for pacemakers. No worries, OHIMA has you covered. Join your coding colleagues for two presentations that will help alleviate the "pitter-patter" and get you on the pathway to understanding arrhythmias, and correctly assigning ICD-10-CM/PCS and CPT codes related to these conditions.

First, Dr. Muhammad Afzal, a specialist in clinical cardiac electrophysiology and cardiovascular disease will present information on pacemakers, AICDs, and EP studies. He will provide information on these procedures and give insight from the provider perspective. Learn the differences between pacemakers and AICDs and gain a better understanding of what is involved with EP studies.

Next, Maria Ward, a Director of HIM Practice Excellence at AHIMA, will focus on the ICD-10-CM/PCS and CPT coding related to these conditions and procedures. She will build on Dr. Afzal's presentation and illustrate how to approach this coding from the PCS perspective by determining appropriate root operation and approach characters as well as look at the differences when assigning CPT codes.

11:45 AM - 12:45 PM
BOXED LUNCH

Boxed lunches will be available for those who indicate on the registration form that you want a boxed lunch.

CONCURRENT SESSIONS:

12:45 PM – 2:00 PM & 2:15 PM – 3:30 PM
Choose one session from each timeslot.

INPATIENT CODING

1A. LABOR OF LOVE: CODING COMPLEX OBSTETRIC PROCEDURES

Maria Ward, MEd, RHIA, CCS, CCS-P
Director of HIM Practice Excellence, Coding Services
AHIMA

Pregnancy is a beautiful thing, but babies can cause their momma grief before they even enter the world. Many times, the coders suffer too trying to understand all the complexities of what is going on with the documentation they read. This presentation will look at some complex procedures performed on the products of conception. Attendees will see how Maria Ward breaks down the documentation to find the information needed to make coding these cases less laborious.

1B. INPATIENT CODING - SEQUENCING AND THE PRINCIPAL DIAGNOSIS

Staci Booth, BS, MA, CPC, CCS, CRCR
Director of Coding Education, Appeals and QA
Ensemble Health Partners

The principal diagnosis is defined in the Uniform Hospital Discharge Data Set as "the condition established after study to be chiefly responsible for occasioning the admission of the patient to the hospital for care." In order to determine which diagnosis is the best representation of the focus of care, the entire record must be reviewed. In order to determine this, many things must be evaluated. What occasioned the admission and would it normally cause an inpatient admission? What do the coding guidelines state? What clinical indicators are present? Was the condition present on admission and managed, evaluated, assessed or treated during the stay? Is there consistent and clear documentation of the condition throughout the record? This presentation will delve into coding guidelines, coding clinics, denial topics and case examples surrounding principal diagnosis selection.

OUTPATIENT CODING

2A. BREATHE EASY: CODING FOR RESPIRATORY CONDITIONS & BRONCHOSCOPIES

Dianna Foley, RHIA, CCS, CHPS, CDIP
Coding Education Coordinator
OHIMA

Take a deep breath and join this session geared toward outpatient coding, which will focus on proper code assignment for respiratory conditions such as COPD, asthma, bronchitis, etc. In addition, a detailed examination of CPT coding for bronchoscopies will be covered.

2B. 2021 AND THE FUTURE OF E&M CODING

Nena Scott, PhD, MSEd, RHIA, CCS, CCS-P, CCDS, CRC
Director, Coding Quality and Professional Development
TrustHCS

The AMA and CMS are looking at E&M coding changes to continue support of the move to quality of care and a decrease to the administrative burdens on providers. CPT changes are also on the horizon for E&M coding. Looking into 2021, there are several potential changes facing providers that require a deeper understanding of their impact. During this session, attendees will review key E&M coding and documentation. Attendees will be taken through the reasoning behind the changes as well and where to turn for resources when additional questions arise with new guidelines/changes.

SPECIALTY CODING

3A. INPATIENT REHABILITATION CODING BEST PRACTICES

Erin Head, MBA, RHIA, CHDA, CCS, CHTS-TR
Director of HIM and Medical Staff Services
Parrish Medical Center

This presentation will focus on the intricacies of inpatient rehabilitation facility coding. The specifics of the IRF prospective payment system and strategies to prevent denials will be discussed.

3B. BEHAVIORAL HEALTH CODING BEST PRACTICES

Erin Head, MBA, RHIA, CHDA, CCS, CHTS-TR
Director of HIM and Medical Staff Services
Parrish Medical Center

This presentation is for those interested in learning more about coding this specialty to include mental health disorders, substance abuse, and procedures in behavioral health. Some best practices for coding appropriate specificity and medical necessity criteria in behavioral health will be reviewed.

AUDITS

4A. DRGS ALL OVER AGAIN

Todd Husty, DO
President/CEO
Medical Audit Resources Services, Inc

HCCs are very similar to DRGs. Dr. Husty will share real audit findings and suggest solutions that are learned from dealing with DRGs. Because of the high error rates, the best solution is for continuous auditing and feedback to the practitioner. The HCC audit is the key.

4B. HAS YOUR AUDIT PLAN BEEN VETTED? BY WHOM?

Karna Morrow, CPC, RCC, CCS-P
Implementation Manager
Practice EHR

Auditing is a key piece of any compliance plan, but the resources to complete this vital task are frequently stretched beyond the breaking point. It is important the task is done efficiently with the attention in the right spots. Who designed your current audit plan? Is it something that you've 'always done this way?' This session will provide a current strategy that is consistent with industry standards without expanding the team.

8:00 AM - 9:00 AM

REGISTRATION & CONTINENTAL BREAKFAST

8:00 AM - 12:45 PM

PROFESSIONAL HEADSHOT STATION

Stop by during a break to have your headshot taken by a professional photographer – courtesy of OHIMA!

9:00 AM - 11:45 AM

THE EXTRAORDINARY TEAM: POSITIONING YOUR ORGANIZATIONAL LEADERS TO ACHIEVE THEIR FULLEST POTENTIAL

Michael Brown, PhD
Founder, Lead Coach & Chief Consultant
DMB Consulting

Your greatest asset is your team! Together, this cast of characters is writing your organization's story. Yet, it is important to realize that there are several elements to every great story, including the characters, the setting, and the plot. What story are you writing, and is your team positioned to pen a best seller? Before turning the page on the next chapter in your organization, it could be the ideal time to hit pause in order to check in and care for the characters who make it all possible.

In this morning workshop, the following outcomes will be accomplished:

- Decode your team composite by understanding the uniqueness of each team member: your styles, your strengths, and your struggles.

- Dream your team culture so that it can be crafted and cultivated with thoughtful intentionality, and not by accident nor by default.

- Describe your team challenges that are an inevitable result of being an imperfect organization made up of imperfect people who perform imperfect tasks.

- Develop your team competencies and determine your team choices, knowing that performance can only rise as high as the ceiling of proficiency permits and daily decisions determine.

- Decide your team calendar and checkpoints to make certain that you are executing your tasks and evaluating your organizational activities against the backdrop of predetermined outcomes and clear success criteria.

11:45 AM - 12:45 PM

BOXED LUNCH

Boxed lunches will be available for those who indicate on the registration form that you want a boxed lunch.

12:45 PM - 2:00 PM

INNOVATION IN PRACTICE

Tim Raderstorf, DNP, RN
Chief Innovation Officer, Assistant Professor of Clinical Practice
College of Nursing
The Ohio State University

This presentation will teach the audience core principles of innovation and provide you with hands-on learning opportunities to take back to share with your colleagues and improve the way you impact your health system.

2:00 PM - 3:15 PM

IMPOSTOR SYNDROME: OVERCOMING THE FEAR THAT HAUNTS SUCCESS

Anna Parkman, PhD, MBA
Senior Lecturer
Dept. of Agricultural, Environmental, and Development Economics
The Ohio State University

Adapting and thriving in an ever-changing work environment is always challenging. It does not help when self-doubt begins to erode your confidence and momentum. In this session, the speaker unpack the Impostor Phenomenon and discuss ways to navigate when it creeps into your work and thinking.

THERE'S NO PLACE LIKE H.I.M.

2020 HIGHLIGHTS

WEAR YOUR RUBY SLIPPERS!

The 2020 OHIMA Annual Meeting sessions will offer a vast variety of topics ranging from Resilience, Leadership, Revenue Cycle, CDI, Enterprise HIM, Interoperability, Coding and much more!!

WATCH OUT FOR FLYING MONKEYS

Wednesday's program has something for everyone! For coding professionals, there will be a morning Coding General Session and then afternoon Coding concurrent sessions – breakouts include Inpatient, Outpatient, Specialty Coding, and Audit tracks. Choose what sessions most interest you! Not interested in Coding? Then join us for our Leadership Workshop! See Wednesday's program for details.

EVADE THE WICKED WITCH

Register by the Early Bird Deadline (2/25/20) to be included in the Easton Gift Card raffle, which will be held each morning. In addition, visit the Exhibit Hall booths to be entered in the many raffles to win fabulous prizes donated by generous exhibitors.

FOLLOW THE YELLOW BRICK ROAD

Attend all 3 days of OHIMA's 40th Annual Meeting & Trade Show — worth up to 17 CEUs (5 CEUs of educational credit each day and up to 2 extra Exhibit Hall CEUs if you spend time in the Exhibit Hall). As a state branch of AHIMA, all sessions are also approved for CE credit by the AAPC. Plus, all active OHIMA Members who register for all three days will receive a $60 discount!

OFF TO SEE THE WIZARD!

The full Exhibit Hall will be open Monday and Tuesday in 2020 – with select exhibitors staying through Wednesday morning. Take some time to browse the many exhibits and network with vendors. 1 additional CEU can be claimed each day if you spend a minimum of one hour each day in the Exhibit Hall (for a maximum of 2 CEUs at this conference).

FIND YOUR COURAGE, BRAIN AND HEART

Get your professional headshot taken by our photographer! Registered attendees can be photographed on Tuesday or Wednesday.

GENERAL INFORMATION

REGISTRATION

Registration and name badges are required for admission to the sessions and Exhibit Hall. Registration fees cover continental breakfast, lunch (if selected when registering), program materials, admittance to the OHIMA Exhibit Hall, speaker expenses, and any planned social events. If paying by check, complete the registration form in this program and send with check payable to OHIMA. Mail to: OHIMA, PO Box 30966, Gahanna, OH 43230.

To pay by credit card, you must register ONLINE. Visit the Annual Meeting section of our website at www.ohima.org and follow the registration links using our secure server.

Registration and payment must be postmarked or submitted online NO LATER than February 25, 2020 to qualify for the early bird discount. All registrations must be prepaid, purchase orders are not accepted. You may register after 2/25/20 or onsite at the meeting, but must pay the late fee charges. For those registering onsite, a $15 processing fee will be added to the total fee.

To qualify for the $60 discount, you must be an active OHIMA member registered for all three days. Full conference registration rates for active members: Early Bird (by 2/25/20) = $315; Late (after 2/25/20) = $360. Non-members and member categories that are already discounted do not apply.

OHIMA Board of Directors: OHIMA officers and directors on the Executive Board have their registration fee waived for the entire program. Committee chairmen, project leaders, and regional presidents have their registration fee waived for one day of their choice. All board members attending are required to mail in the completed registration form or register online.

Students/Emeritus: To qualify for the STUDENT rate, you must be an active student member of AHIMA with Ohio as your chosen state association. Note that "New Graduate" and "New to AHIMA" membership statuses do not qualify for the student rate. To qualify for the EMERITUS rate (formerly 'senior'), you must be designated as an emeritus member of AHIMA with Ohio as your chosen state association.

New to AHIMA: To qualify for the NEW TO AHIMA rate, you must be designated as a new member of AHIMA at the time of registration, with Ohio as your chosen state association.

CANCELLATION POLICY

Registration fees will be refunded less a $25 processing fee if notice is received by Monday, 3/2/20. Cancellations received after this date will not receive a refund. Substitution of registrants is permitted — please contact OHIMA.

EXHIBIT HALL

The Exhibit Hall will be located in the Easton Grand Ballroom and adjacent foyer areas on the main floor. Visit www.ohima.org in the Exhibit Hall section to view an up-to-date floor plan, directory of participating exhibitors.

Exhibit Hours:

Monday:	11:45 am – 5:00 pm
Tuesday:	8:00 am – 9:30 am
	11:15 am – 2:30 pm
Wednesday:	*(select exhibitors)*
	8:00 am - 12:45 pm

One CE credit may be earned on each day by visiting the exhibitors for a minimum of one hour each day (maximum 2 CEUs at this conference).

MEETING MATERIALS

We've gone green! All speaker materials will be provided electronically in lieu of printed handouts. You'll receive access to the speaker presentations to download from our website to print prior to the meeting or save on your mobile device. Materials will be posted online beginning 3/10/20 and will remain available at least six weeks after the meeting. Access instructions will be sent to your registered email address.

HOTEL RESERVATIONS

Lodging arrangements should be made directly with the Hilton Hotel (614-414-5000). To receive the OHIMA convention discount rate, make your reservation prior to the deadline of 2/13/20 and tell the hotel that you are with the OHIMA meeting. A reservation form for the hotel is included below for your convenience. The hotel must receive this form by the 2/13/20 deadline. Or, if you prefer to make your reservation online, follow the hotel links located at www.ohima.org in the Annual Meeting section of our website to access our customized reservation page.

Reservations requested after 2/13/20 or after the room block has been filled are subject to availability and may not be guaranteed at our special convention rate. Thus, you are strongly encouraged to make your reservations early.
MISCELLANEOUS

Business casual attire is suggested. Visit the OHIMA web site at www.ohima.org for meeting information and important updates.
